It is known that water is very important in our life because people , animals and plants can't live without it . We use water for drinking , washing dishes and clothes , cooking , irrigating fields and getting electricity . Every one of us should be careful about water and keep every drop from falling carelessly . Many careless people use water badly . **They** use too much water to wash anything like cars, carpets and floors . Others leave taps open , day and night . Children should learn how and when to use water carefully . Their parents and teachers must tell them about the importance of water and that it can help to turn the desert into green land to grow more crops , trees , vegetables and fruit . We all should have water saving habits or we'll face a shortage of water in the near future . It will be a dangerous problem .
