In London, Crusoe bought more goods to sell and he sailed towards Guinea again. When they were sailing to Africa, some pirates took the ship. After two years, Crusoe was very unhappy and he wanted to escape. One day, he took a small fishing boat. He put some food and water in the boat and he sailed out to sea. storm became worse and finally the ship started to sink. All the sailors were thrown in to the sea.

The next morning, Crusoe woke up in a beach, but he couldn't see any of his friends, only the ship's two cats. There was no body from the ship with him.
