- Imhotep, the world's first genius

Imhotep was the world's first genius.He was a great architect.He built the Stepped Pyramid for Djoser.He was a great doctor or a physician who treated patients. He was considered a father of medicine. He was an astronomer.He was an astrologer.He was polymath متعدد جوانب الثقافة, judge خطاط, scribe خطاط, and a priest. "the one who comes in peace"; He was an Egyptian chancellor to the pharaoh Djoser.

<u>-Egypt is a good place for tourists to visit- Tourism- Places of interest in Egypt</u> Egypt is full of monuments.Also,its weather is fine.A lot of tourists visit Egypt every year.They enjoy seeing its antiquities.They enjoy its nice weather.Some tourists like the coastal cities like Hurghada and Sharm.They like scuba diving.Furthermore,they like snorkeling and windsurfing.

-A form of technology – The internet- Smartphones

Technology has improved our lives. They have made our lives easier and more comfortable. The internet is very useful for me. With it, I can find any information I need. Also, via it, I can communicate with my friends and relatives. I now know the latest news on the internet. Smart phones are very important for me. I use them to log onto the web. I send messages with them. In fact, modern technology is very important.

Someone you know who is a genius

Six-year-old Abla Wael from Cairo couldn't do her maths homework one evening. Her father was helping her when her younger brother came into the room. Mahmoud couldn't speak very well yet because he was only three. However, he was able to give all the answers to the sums. Mahmoud's father was sure that his son was a genius. Soon, TV channels heard about his amazing maths skills and invited him to be on their shows. When Mahmoud was seven, the American University in Cairo helped him to improve his English because it would help him to study maths at a high level. He was then able to teach university graduates about computer programming. He was only eleven!

A famous Egyptian invention

In around 4000 BCE, the ancient Egyptians made small boats from papyrus. They used oars to move them forwards. Later, they used wood tied together with ropes to build boats. They also invented the first sail in order to move faster up the river when the wind blew. In around 2500 BCE, people began to build larger and stronger boats. Ships could travel across the sea to sell goods in other countries. Ships needed the wind until the early1800s, when the first steamships began to cross the seas. In the twentieth take powerful ships around the world. century, oil was used to take powerful ships around the world.

- A sport you like

Mr.Mohammed Ibrahim

I like football.It's an exciting sport.I play it a lot. I play it at the club. I play it with my friend. I play it on Fridays. It keeps me fit and healthy. I score a lot of goals. Also, I like watching the matches of Al-Ahly.

-What you like to do when you visit a Beach Mr.Mohammed Ibrahim

The beach is a nice place.It's very attractive and beautiful.When I go there, I'd like to go swimming.Also, I'd like to go windsurfing.Sometimes I go snorkeling.The weather is fine there.People go there to enjoy the sea.

Speed ball

Speed-ball is a racket sport. It was invented in Egypt. Mohammed Lotfy invented it in 1961.He invented it to train beginner tennis players. Today it is a sport in its own right. It's now popular in Egypt and other countries. It is an individual sport.

-"Mohamed Ali Rashwan"

Mohamed Ali Rashwan was competing against a Japanese man in the final of the World Judo championship. Before the game, his opponent hurt his leg. Mohamed could have won the match easily. However he did not touch the Japanese man's leg because he thought it wasn't fair. Although he lost the match, he should be respected for how he played his sport.

-Using computers late at night can affect your sleep

S.M.Mr.Mohammed Ibrahim Swailam @ facebook.com

The computer is a mixed blessing. It a double-edged weapon. If we use it wisely, It will benefit us. Likewise, if we use it for too long, it will be harmful for us and our health. Some people use it until very late at night, but they might have to get up early, so they don't get enough sleep. They become tired during the day. We have to use The computer wisely and reasonably.

My favourite Egyptian writer

Naguib Mahfouz is an Egyptian novelist. He won the Nobel Prize for Literature in 1988. He was the only Arab writer to have won the award. Many of his works have been made into Egyptian and foreign films. I like his style. Many of his works have been translated into several languages. He often wrote about his life and the people and areas he knew.

STEM school students

Students who are very good at STEM subjects (science, technology, engineering and maths) can also help develop the technology of the future.STEM schools are special schools which focus on developing students' ability in these subjects. There are now STEM schools around the world where lessons are different to those in usual schools. Teachers encourage students to do projects where they work together to solve problems. A lesson might be about how fast a ball falls through the air, or it might be using data to make a graph.

-Write an email - You just watched a great film and you want to tell your friend about it

I have just watched a comedy film.Adel Emam is the hero.The film was so funny.I laughed a lot.Als, the story of the film was so exciting.The film lasted for two hours.I recommend that you watch it.I am sure you'll enjoy it.The moral of the film is to be kind to people.

- Write an email about a special day

Dear

S.M.Mr.Mohammed Ibrahim Swailam @ facebook.com

Sham el-Nessim is a holiday and families go out to enjoy the fresh spring air. The spring air is very good for you! People often have a picnic in the country, in parks or along the Nile. • Special food is eaten at Sham el-Nessim. Traditionally, boiled eggs are eaten for breakfast. Eggs are decorated in bright colours by children. They usually paint the eggs in the morning and leave them in the sun to dry. Another traditional food which is eaten on this day is *feseekh* With my best wishes
