

**A train journey you had**

Last week, we went to Aswan. We went there by train. It was a good journey. My father booked us tickets in the sleeper train. It had comfortable beds. It's exciting to sleep in a place and wake up in another place. We had a good time

**a journey you plan to go on**

I really love travelling and enjoy visiting new places. So, I'm planning to go on a journey Marsa Matrouh next week. I'm going there by train. The train leaves at 6 a.m. from Cairo station and reaches at 3 p.m. . Traveling by train is enjoyable. From windows, you can enjoy the beautiful scenery. On the train, you can move easily. I'm sure I'll see beautiful beaches

**A job that you like or know about**

The job of a station manager is very important. The station manager keeps everyone safe in the railway station. He helps people to get onto the right train. He also helps people who lose something or take the wrong train. He encourages workers to do their work well. He likes both trains and people. He makes work successful.

**One of the ancient wonders of the world**

I visited the Great pyramid last week. I went on a school trip with my friends. It was an amazing day. The great pyramid is one of the most important wonders of the world. It's 137 metres high. It contains amazing rooms. It took twenty years to be built. It has many secrets in the way of building and designing it. It contains many monuments. These monuments were taken to the Egyptian museum.

**Social media**

We live in the age of technology and the internet. There are so many social networking sites on the internet. One of them is the Facebook. I use it every day. It is very useful. It helps me to make new friends from all over the world. Also, it helps me keep in touch with my family and friends. It helps in exchanging ideas between different groups of people. It allows me to send messages to a lot of people at the same time.

**sharks**

Sharks are the most dangerous animals. They feed on small fish and may attack people and eat them. They first lived in seas 400 million ago. There are many different kinds of shark they have no bones in their bodies. They probably can't see colours ,but they blood from a far distance. They can reach up to 14 metres long.

**The importance of technical schools**

Technical schools are very important. About 60 % of students in Egypt go to technical secondary schools. They learn skills to use in the world of work. These skills are important for the future of the country They also study different fields. Students who do well at technical schools can continue the same study at universities. They can get good jobs. All technical jobs are very important in our life

**Someone you have interviewed**

A great scientist visited our school yesterday. I asked him why the sky is blue. He said that it because we see blue light from the sun. Also, I asked him what clouds were made of. He said that they were made of tiny pieces of ice and water. Also, he told us that we can grow more vegetables in the desert in the future. He was a clever scientist.

**Animals that lived in the past**

Life of animals in the past were easier than today. . Animals, in the past, enjoyed a clean environment. Their life was enjoyable. Man has polluted everything. Their environment and food weren't in danger. People cut down more trees to use its wood. These forests were as a natural home for most of these animals. We should look after the environment.

**A story with a moral.**

One day ,a farmer found that his goose had laid a yellow egg. When he picked it up, it was heavy .He found out that it was a golden egg. Every morning, the same thing happened. The farmer soon became very rich. He sold all the golden eggs in the market. He decided to kill the goose to take all the golden eggs inside it. He didn't find anything. We learn that we shouldn't be greedy.

**Solar system**

Our solar system includes the sun and some planets. There are eight planets. They are all different sizes. The biggest planet is Jupiter. Three of the planets are smaller than earth. Two planets don't have any moons. We live on earth. The earth's moon is round.
