## Why tourism is important for Egypt.)

Tourism is the second earner of foreign currency for Egypt. Millions of tourists come from all over the world to visit Egypt every year. They come to Egypt for many reasons. They want to enjoy the warmth of the weather and visit all ancient monuments.

Tourism has many advantages for our country. It is a main source to increase national income and develop national economy. Tourists add a lot of money to the income of our country. They spend money on flights, hotels, museums, restaurants and transport. This provides our country with hard currency and provides jobs for the unemployed. Tourism is also important to make visitors know more about our history, culture, customs, traditions and language.

We should increase the number of people visiting Egypt every year by fighting terrorism which is tourism's great enemy. We have to be civilized and friendly to tourists. ## How we can help to protect and improve the environment

Environmental pollution is a very serious problem nowadays. This pollution causes great damage to the environment and all living things. There are a lot of things we can do to preserve the environment. Factories should be moved to land outside cities. A great number of trees should be planted along the sides of the roads. Trees take in carbon dioxide and release oxygen, so they help to clean the air.

The government should pass laws to reduce the number of cars on the roads. We have to spread awareness among ordinary people of the importance of preserving the environment. We must teach young children how to keep the environment clean. If we succeed in preserving (conserving) the environment, our children and grandchildren can enjoy the world we live in. Preserving the environment has become a very important issue in the modern world.
